## Tremor 3500

*You'll be walking all over your Color Kinetics C-Splash LED fixtures, now you can install them in-grade, with Tempest's Tremor enclosures. Lighting trees, landscape features or buildings in public spaces has never been easier, safer, or more economical.*

Tremor enclosures are made of stainless steel and heavy duty tempered glass, are virtually indestructible – and tamper-proof.

- Attractive contemporary look, flush to grade
- 3/8" tempered glass cover, with security screws
- Set in concrete or dirt grades
- Conduit knockouts all four sides
- Optical Glass option for maximum light output
- Easy fixture install with dedicated mounting points

<b>Part #s</b>	• 3500.CC	Tremor Enclosure/C-Splash
	• 3500.OC	Tremor Enclosure/C-Splash, Optical Glass
	• 3500.CP	Tremor Enclosure/C-Splash, Concrete Pour
	• 3500.OP	Tremor Enclosure/C-Splash, Optical Glass, Concrete Pour

*Set in 8" pea gravel drainage bed*
