

Blast Powercore Lenses

They're here! Five new holographic lenses from Tempest Lighting, that give you TEN more beam angle choices, using clear or frosted Blast Powercore fixtures. With the new, higher-output Blasts from Color Kinetics, there has never been a better time...

For Use with:

- Philips Color Kinetics Color Blast Powercore
- Philips Color Kinetics eW Blast Powercore
- Philips Color Kinetics iW Blast Powercore

We have what it takes to make the most out of the exciting new Blast Powercore lineup from Philips Color Kinetics. Now, you can use these hi-tech holographic beam-shaping lenses to spread light the way you always wanted to. With three symmetrical and two assymetric patterns to choose from, and two styles of Blast to use them with, you have all the choice you always needed.

Part Number	Description	✓
4770.10	Blast Powercore Holographic Lens, 10°	
4770.30	Blast Powercore Holographic Lens, 30°	
4770.60	Blast Powercore Holographic Lens, 60°	
4770.61	Blast Powercore Holographic Lens, 60°x10°	
4770.73	Blast Powercore Holographic Lens, 75°x35°
