

Blast Powercore Louvers and Snoots

Glare? What glare? Now you can put the light where you want it, with these unobtrusive, one-piece egg crate louvers and top hats. These accessories slide over the body of any current Blast Powercore fixture, and fix securely in place.

For Use with:

Philips Color Kinetics Color Blast Powercore
 Philips Color Kinetics eW Blast Powercore
 Philips Color Kinetics iW Blast Powercore

Designed for any Architectural or commercial lighting application, indoors or out, these accessories provide control of glare and scatter in every situation.

Any of these accessories may be used to retain a **Tempest Blast Powercore Lens** — see the *Blast Lens data sheet* for details.

Part Number	Description	✓
4750.EB	Blast Egg Crate Louver, Black	
4750.EW	Blast Egg Crate Louver, White	
4750.TB	Blast Top Hat, Black	
4750.TW	Blast Top Hat, White	
4750.LB	Blast Lens Holder, Black	
4750.LW	Blast Lens Holder, White	

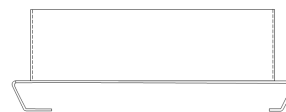

The **Egg Crate Louver** provides 45 degree cutoff, and the louver vanes run between the LEDs, so no light is lost.

And now, the latest addition to the family, the **Blast Lens Holder** holds any Tempest Blast Powercore Lens in place, inside or out, without modifying scatter or glare.

All these accessories can be securely installed in a few moments, using simple hand tools.
